

Innovation

Creation for the Next Generation

POLEX is engaged in manufacturing of electrical goods. Recognized as leaders in electrical industries. Company is known for its high standards of quality products catering to the needs of millions of people all over India and Abroad to their entire satisfaction. Company maintains a modern Research & Development Center and a well equipped laboratory which are being looked after by well qualified & experienced professionals and keeps on updating the technology for bringing out the latest designs & models comparable to global standards.

For every
space,
every
solution

The perfection
signifies our innovation & quality

Building Electrical & intelligent Household Integrator
